Work Experience

Fittery; *Lead Software Engineer* 2016 – Present

- Leads the planning, architecting, and development of four customer-facing Rails and Javascript products in production
- Serves as the authoritative technical voice when making critical business decisions with the company's founders
- Collaborates with sales and product teams in determining engineering priorities to best meet client needs
- Reduced technology infrastructure costs by 45% through server and database management

Fittery; *Software Engineer* 2015 – 2016

- Develops, tests, debugs, and delivers all components of consumer-facing and internal features across multiple Rails applications and Ruby libraries
- Maintains PostgreSQL databases, writing PL/pgSQL stored procedures when appropriate
- Manages company assets, production deployments, and resources with AWS
- Designs and builds responsive user interfaces with ReactJS, HTML, CSS, and Javascript

Volunteer Experience

Rails Girls Atlanta; *Board of Directors, Communication Coordinator* 2015 – Present

- Manages the organization's online presence through copywriting and communications
- Educates members on Rails topics including app creation, gems, routing, MVC architecture, and upgrades through speaking engagements and one-on-one sessions

Tech Talent South; *Teaching Assistant, Mentor* 2015 – Present

- Founded and organizes events for Ladies of TTS: a social, support, and study group for Tech Talent South's female students and alumnae
- Hosted weekly study sessions to review relevant coursework including MVC architecture, HTTP requests, third-party services and APIs, bug fixing, and more

Girl Develop It; *Teaching Assistant* 2016

- Taught command-line navigation, Unix conventions, git usage, Ruby syntax and logic, and problem solving during the Intro to Ruby course and Intro to Git and GitHub workshops

Education

Tech Talent South; *Full-time Code Immersion* 2015

Georgia State University; *Bachelor of Arts, Film and Video* 2011 – 2015

- Magna cum laude, 3.89 GPA
